

Dear Parents,

We're so glad that you're looking at Gorilla for a swing set for your family. We build our quality wooden swing sets with your children in mind. They are designed with the best safety features and the best materials. We are the leader in product safety and durability, and we're 100% kid-approved!

We know you and your family will enjoy your new swing set for years to come! From all of us at Gorilla...

Many happy memories,

The Gorilla Playsets Family

INSPIRING ACTIVE imagination...

since 1993

Gorilla Playsets™ was founded on the premise that a ready to assemble playset should contain quality wood components, have durable playset accessories, contain all necessary hardware, and have clear, easy to understand instructions; all at an affordable price!

We've been in the playset business since 1993, and our design engineers have many years of combined experience in designing safe, innovative, and sturdy playsets. From inventive product development to superior customer service, Gorilla Playsets is the first name in ready to assemble playsets.

Gorilla Playsets has taken the playset industry to new heights by going beyond the ordinary features and play value found in typical swing sets. At Gorilla Playsets, we listen to our customers' needs and continually strive to produce playsets that are safe for your children.

At Gorilla Playsets, we know that your outdoor play set will create fun and lasting memories for you and your family, and we are so happy to be a part of them!

Our authorized showrooms can help you design and install the swing set of your dreams! Find your local showroom at gorillaplaysets.com

1 START WITH A GREAT DESIGN

Our design team consists of master builders, engineers, and professional draftsmen with more than 100 years of combined experience creating the world's safest and most innovative swing sets. We integrate features that kids can enjoy throughout their entire childhood, so the swing set remains an active part of their lives for many years. With the use of quality wood, commercial-grade hardware, and our unique safety features, our swing sets continually raise the bar in terms of quality, safety, and durability.

2 USE HAND SELECTED LUMBER

All of our lumber is hand selected at the mill to assure that only the very best lumber is sourced for our swing sets. Our lumber is durable, resistant to rot and decay, and stands up to the rigorous play of even the most active kids!

3 USE THE BEST COMMERCIAL-GRADE HARDWARE COMPONENTS

The integration of quality hardware components, such as electro-galvanized fasteners, helps ensure the safety and durability of our swing sets. Even our rock-solid iron swing hangers are bolted completely through our swing beams with carriage bolts and lock nuts.

4 TAKE SAFETY TO A WHOLE NEW LEVEL

At Gorilla Playsets, our first and most important focus when building a swing set is the safety of your children. This is why we use only the safest hardware and lumber and we integrate unique features such as flat and wide ladder steps, sanded-smooth edges, recessed and capped bolts, 800 lb. test pinch-free swing chains, and strategically placed grab handles. Moreover, we thoroughly test all activities on the swing set to ensure that they are free of conflicting play zones.

5 ADD THE BEST FEATURES!

Your kids will love all of the thrilling features on our swing sets. From our high flying deluxe swings and extra fun slides to our covered forts and challenging rock walls, there is something for kids of all ages. Best of all, your Gorilla swing set can be customized with an almost unlimited number of options.

BACK IT ALL UP WITH THE INDUSTRY'S BEST WARRANTY!

See page 113 for warranty details.

GORILLA STRONG

Gorilla Playsets are built beyond industry standard in every way.
And a stronger, more stable playset is a safer playset.

STRONGER LUMBER

THEIRS OURS

SWING BEAMS

Before we dive into what makes laminated timber better than a single solid beam it would be helpful to understand WHAT laminated timber is. Laminated timber is a stress-rated engineered wood product that is composed of layers of bonded wood laminations running the length of the post. In other words, smaller dimensional lumber is glued together with super strong industrial glue to create a larger dimensional beam.

Laminated timbers are less prone to twisting, checking and warping than solid timber beams. Pound for pound, laminated timbers are stronger than steel and has greater strength and stiffness than comparably sized dimensional lumber. Because laminated timber is made of smaller dimensional lumber, the beams can be manufactured from smaller trees from second-growth forests and plantations. Laminated beams remove the worry of having unsightly checks and cracks appear on your swing set and, with proper maintenance, will look great for years to come.

OUR LUMBER (★) vs OUR COMPETITION

CORNER POSTS

WALL SLATS

DECK FLOORING

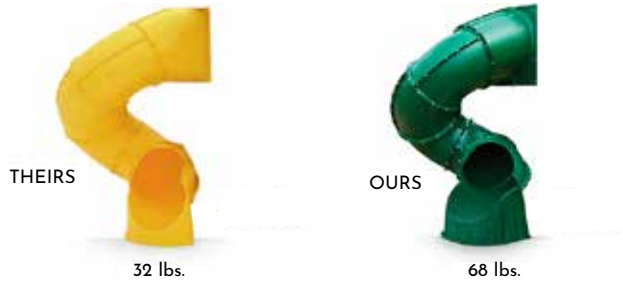

SWING BEAMS

HEAVY-DUTY WOOD CONSTRUCTION

Huge 4x6 swing beams are standard on all of our swing sets, and all other main support beams use natural wood posts. Using larger dimensional lumber leads to stronger, sturdier swing sets built using fewer total pieces.

STRONGER SLIDES

Our self-reinforced slides are made with more plastic for superior strength.

Special UV inhibitors make them heat and fade resistant in direct sunlight. All of our slides are proudly made in the USA and meet and/or exceed ASTM standards for backyard residential use. They also feature a Lifetime Warranty.

COMMERCIAL-GRADE HARDWARE

Our hardware consists of oversized bolts and heavy lag screws that are electro-galvanized to prevent corrosion. We bolt our iron swing hangers completely through our swing beams with carriage bolts & lock nuts. Decks, wall slats, and wood roofs all use commercial grade zinc-coated deck screws. Nails, which can work loose, are never used in the construction of our swing sets. For added safety, we even recess bolts into the wood and cap exposed threads.

STRONGER CHAINS

Our swing chains are rated to 800 pounds.

Most of the hardware components that you will receive are the same as commercial grade units. The swing chains are durable, flexible, and remain cool - even in direct sunlight. Moreover, the safety coating prevents the pinching of little fingers.

SKY LOFT ADD-ON AVAILABLE

Many of our sets can be customized even further with the addition of a Sky Loft!

HEAVY-DUTY SWING HANGERS

All of our swing hangers are bolted completely through the swing beam with carriage bolts & lock nuts.

WIDE STEPS

We use wide, flat steps on our Safe Entry Ladders and Deluxe Rope Ladders to ensure safety.

SWING CHAINS

All of our swing chains are rated for 800 pounds and coated with a soft and grippy plastic that prevents pinches and helps keep them cool, even on hot days.

UV PROTECTED COMPONENTS

Many of our components, such as swing belts and slides, contain a unique protective UV technology that helps to retain their rich colors for the lifetime of your swing set.

HEAVY-DUTY SLIDES

One-piece molded plastic construction and wide, stable bases make our slides fun and safe for your children. Lifetime Warranty!*

MULTIPLE ROOF OPTIONS

Our swing sets come with a variety of roof options including vinyl canopies and tongue and groove wood roofs.

STRATEGICALLY PLACED GRAB HANDLES

Grab handles are strategically placed to instill confidence on ladders, monkey bars, and other transition areas.

EXTRA-STABLE SUPPORT BRACKETS

Our support brackets are the best available. Each swing set has the following:

2 piece A-Frame Bracket

OR

3 piece A-Frame Bracket

AND

Our heavy-duty swing beam attachment bracket

INTERIOR-MOUNTED PANEL SLATS

All panel slats are located on the inside, preventing them from being pushed out during active play.

ROUNDED CORNERS

All corners are rounded smooth during our factory sanding process.

RECESSED BOLTS

We recess all of our bolts into the wood and cap the exposed threads for snag-free play.

customization

OPTIONS

Most of our swing sets can be customized to suit your personal tastes. Whether you're looking for a vinyl canopy roof or a more enclosed deck (or both!), you're in luck!

- To begin, select your **base unit & play features**
- Choose your **roof style** *(details at right)*
- OPTIONAL: Choose any additional **add-ons** *(details at right)*
- OPTIONAL: Choose color of **accessories** *(details below)*

Color Options

Many of our accessories are available in green or yellow.

Select accessories have additional color options. For example, our Extreme Duty Swing Belts are available in six exciting colors!

■ Roof Styles

VINYL CANOPY

Our original heavy-duty vinyl canopy offers protection from the sun and provides shade and cooler temperatures!

WOOD ROOF

Our 100% cedar wood roofs are made of the same high quality lumber as the swing set. All include dormers and a chimney.

TREEHOUSE ROOF

All of the sets in our 5ft Deck Heights section, and select sets in the Multi Deck section, are available with our Treehouse Roof, which includes two windows with working shutters, giving the front of the set a semi-enclosed look.

■ Optional Add-On

SKY LOFT ADD-ON

The Pioneer Peak, the Wilderness Gym, and sets in the 5ft Deck Heights section are available with our Sky Loft Add-On, which provides kids with a bird's eye view of their surroundings.
Sky Loft not compatible with Chateau Tower.

4' Deck Heights

- contain pre-sanded, pre-cut, and pre-drilled lumber
- are finished in either Amber or Redwood stain
- include a Lifetime Warranty* when purchased with installation through an authorized showroom

1. Spring Clips

Attach your swings and accessories to your swing set with our spring clips. These clips have a wider loop than standard spring clips and are specifically designed for swing sets.

2. Tire Swivel

Give your tire swing some spinning fun with a greaseable tire swivel!

3. A-Frame Bracket™

This A-frame bracket connects the swing beam pieces of your swing set. Not for use with free-standing swings; powder-coated green steel.

4. S-Hooks

Replacement s-hooks are perfect for attaching accessories to chains.

5. Swing Hanger

These heavy duty hangers allow your swings to easily swing back and forth - designed to be bolted through entire swing beam.

*“Fantastic durable construction with easy-to-follow instructions.
Will definitely provide years of fun for my young kids!”*

- Nikolai B. of California

Backyard PlayNation, LLC warrants its Gorilla brand swing sets to be free from defects in workmanship and materials, under normal use and conditions, for the lifetime of the product on all above ground wood components and 2 years on all non-wood components (eg. Plastics, hardware, swings, tarps, ropes, etc.) if purchased through and installed by an authorized Gorilla Dealer Showroom. If not purchased through and installed by an authorized Gorilla Dealer Showroom, Backyard PlayNation, LLC warrants its Gorilla brand swing sets to be free from defects in workmanship and materials, under normal use and conditions, for 10 years on all above ground wood components and 1 year on all non-wood components (e.g. plastics, hardware, swings, tarps, ropes, etc.).

Backyard PlayNation, LLC warrants all of its slides to be free from defects in workmanship and materials, under normal use and conditions, for the lifetime of the product.

Backyard PlayNation, LLC warrants all remaining products, including but not limited to its Free Standing Swing Set, See-Saw, Children's Picnic Table with Umbrella, Play-Zee-Bo™, Malibu Playhouse, Interlocking Sandbox, Toy Chest, and spring riders to be free from defects in workmanship and materials, under normal use and conditions, for a period of 1 year. All accessories purchased separately from those included with one of our swing set packages have a one year limited warranty.

Cosmetic imperfections and natural tendencies of wood such as peeling, splintering, warping, seasonal checking or cracking, knots or knot holes, etc. are normal characteristics of all wooden play equipment and are not covered by this warranty. Checks or cracks in wood components that do not affect the intended function of the part, piece or overall swing set functionality are not covered under this warranty.

Wood rot or decay that develops because the product was installed in an area with poor drainage is not covered under this warranty. Lumber that has been damaged by wood boring bees, or conditions that develop as a result of faulty or improper installation of the product, are not covered by this warranty. Fading of stain, discoloration, mold, or mildew on any wood part or accessory is not covered by this warranty. Cracks in plastic components, surface rust on hardware and chips on powder coated materials are not considered a defect as long as they do not affect the functionality or structural integrity of the part or component.

It is the swing set owner's responsibility to maintain the swing set. This includes but is not limited to staining and/or sealing the lumber as needed and regular inspections to ensure all hardware is tight. Instructions for proper maintenance can be found on Gorilla's website. Imperfections or conditions that develop because of a failure to properly maintain the swing set are not covered by this warranty.

Backyard PlayNation, LLC will, at its discretion, replace any above ground part that is defective in workmanship or materials within the stated warranty period. This decision is subject to verification of the defect, which, at Backyard PlayNation, LLC's discretion, may be accomplished by submitting photographs or by delivery of the defective part to Backyard PlayNation, LLC: Gorilla Playsets; 166 Etowah Industrial Ct.; Canton, GA 30114. Any warranty claim must include proof of purchase, including the date of purchase. Within the first 30 days from the date of purchase, Backyard PlayNation, LLC will replace any parts discovered to be missing from or damaged in the original packaging.

This warranty is valid only if the product is used for the purpose for which it was designed and installed at a residential, single-family dwelling. This warranty is void if the product is used in a commercial, institutional or multi-family setting. This warranty does not cover normal wear and tear or (a) products that have been damaged by acts of God and/or nature, negligence, misuse or accident; (b) products that have been modified or repaired by unauthorized persons; (c) the cost of labor; or (d) the cost of shipping any replacement product or part.

BACKYARD PLAYNATION, LLC DISCLAIMS ALL OTHER REPRESENTATIONS AND WARRANTIES OF ANY KIND, EXPRESSED, IMPLIED, STATUTORY OR OTHERWISE, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. BACKYARD PLAYNATION, LLC WILL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES. This warranty is non-transferable and does not extend to the owners of the product subsequent to the original purchaser. Some states do not allow limitations on implied warranties or exclusion of incidental or consequential damages, so these restrictions may not be applicable to you. This warranty gives you specific legal rights. You may also have other rights which vary from state to state.
